

NITESH JINDAL

Full Stack Developer | MERN Stack | React.js | Node.js | AI Integration

+91-8306565374 | jindalnitesh285@gmail.com | linkedin.com/in/nitesh-jindal | Portfolio | Jaipur, Rajasthan, India

PROFESSIONAL SUMMARY

Motivated Full Stack Developer with 1+ year of professional experience building scalable MERN stack web applications and integrating AI-powered features. Led a team of 3+ developers, managed 5+ client projects, and accelerated workflows using AI tools (ChatGPT, GitHub Copilot) and API integrations (OpenAI, Gemini). Proficient in RESTful API development, responsive UI design, SQL/NoSQL databases, and Git-based version control. Pursuing MCA (CGPA 8.00) at Poornima University.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, React Hooks, Responsive Design

Databases: MongoDB, MySQL (SQL), Database Design & Optimization

AI Dev Tools: GitHub Copilot, ChatGPT, Cursor AI, Claude AI

Version Control: Git, GitHub, Agile (Scrum), SDLC

Backend: Node.js, Express.js, RESTful API Development, PHP

AI & Tools: OpenAI API, Gemini API, LangChain (basics), Prompt Engineering

CMS & Platforms: WordPress, GoHighLevel, Postman, VS Code

Languages: JavaScript, Python, Java, C | DSA, OOP

WORK EXPERIENCE

Full Stack Developer

Mitash Corporation Pty. Ltd. | Melbourne, VIC, Australia (Remote)

Jan 2026 – Present

- Led a team of 3 developers to deliver 5+ client web projects on schedule, maintaining 95% client satisfaction.
- Integrated OpenAI API to build an AI-powered chatbot for a client platform, automating lead qualification and reducing manual support by 35%.
- Engineered full-stack apps using React.js & Node.js; reduced avg page load time by 30% via code splitting and component optimization.
- Deployed CMS solutions using GoHighLevel, WordPress, and PHP, cutting client content update time by 40%.
- Used GitHub Copilot and ChatGPT to accelerate development, reducing boilerplate coding time by ~20%.

React Developer Intern

Celebal Technologies | Jaipur, Rajasthan

Jun 2025 – Aug 2025

- Built 10+ reusable React.js components using Hooks, reducing code duplication by ~25% across the project.
- Leveraged AI-assisted code review tools (Copilot, ChatGPT) to identify bugs early and improve code quality standards.

MERN Stack Developer Intern

SRKWebApp Innovations | Jaipur, Rajasthan

May 2025 – Aug 2025

- Deployed 3 full-stack features using MongoDB, Express.js, React.js, Node.js in Agile sprint cycles.
- Optimized MongoDB queries reducing data retrieval time by 20%; managed Git branching with zero merge conflicts across 4-member team.

PROJECTS

AI-Powered Smart Chat Assistant

React.js · Node.js · OpenAI API · MongoDB

- Built a full-stack AI chat application integrating OpenAI GPT API with context-aware conversation history, user authentication, and dynamic response rendering in React.js.

Online Blood Arranging System

React.js · Node.js · Express.js · SQL

- Full-stack platform connecting 100+ donors with recipients by location/blood type; OTP auth, Nodemailer notifications, and real-time API tracking.

General Store E-Commerce Platform

React.js · Node.js · Express.js · MongoDB

- Complete e-commerce app with product catalog, JWT auth, shopping cart, and order management; integrated AI-based product search suggestions via embeddings.

Dynamic Portfolio Website

React.js · Node.js · Express.js · MongoDB

- Personal portfolio with React.js frontend, Node.js/Express.js backend; real-time contact form, dynamic project rendering, full mobile responsiveness.

EDUCATION

Master of Computer Application (MCA) – Poornima University, Jaipur, Rajasthan

Aug 2024 – Present | CGPA: 8.00/10

B.Sc. – Mathematics – Maharishi Arvind University, Rajasthan

Aug 2021 – Jul 2024 | 66.67%

12th – Science (PCM) – BSER – Board of Secondary Education, Rajasthan

Apr 2021 | 85%

CERTIFICATIONS

- Data Structures & Algorithms – ExcelR
- Python Essential Training – LinkedIn Learning
- Foundations of Cloud, IoT, Edge & ML – NPTEL
- Cracking Coding Interviews – ExcelR
- DSA – Linux World
- Project Excellence (Minor & Major) – ExcelR
